This paper is filed pursuant to M.P.E.P. § 711.03 and the telephone call held today between the undersigned attorney and Supervisory Examiner Fan Tsang. According to Examiner Tsang, several PTO papers were missing from the PTO's electronic file for this application, including the Withdrawal from Issue paper mailed by the PTO on April 5, 2004 to the applicant. Examiner Tsang recommended filing this paper rather than a petition to revive the application. This paper includes copies of the papers that are apparently missing from the PTO's file, in reverse chronological order.

This application was filed on May 31, 2001. On March 17, 2004, the PTO issued a Notice of Allowance and a Notice of Allowability, indicating that claims 1-19 were allowed (attached).

On March 30, 2004, applicant's representative from the law firm of Antonelli, Terry, Stout & Kraus filed a Request for Corrected Notice of Allowability (see attached), asserting that the Notice of Allowability failed to take into account the preliminary amendment filed on May 31, 2001, including the fact that claim 19 had been canceled, and new claims 20-48 were added.

Application Serial No. 09/867,616**Atty. Dkt No. 005288.00049**

On April 5, 2004, the PTO issued a Withdrawal From Issue paper (Paper No. 6, attached), stating that the application had been withdrawn from issue. The paper was signed by Mark Powell, Director, TC 2600.

On August 3, 2004, the PTO issued a Notice of Abandonment (Paper No. 7, attached), stating that applicants had failed to timely pay the issue fee.

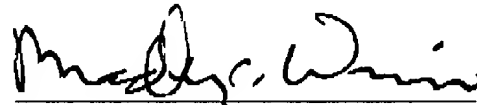

On August 12, 2004, applicant's representative from the law firm of Antonelli, Terry, Stout & Kraus filed a Response to the Notice of Abandonment (see attached), pointing out that the application could not have been abandoned because the Notice of Allowability had been withdrawn. The PTO never responded to this paper.

Recently, the undersigned law firm has been retained to handle prosecution of this application. Filed concurrently herewith is a new power of attorney empowering the undersigned to take over prosecution of this application.

Applicant requests that the notice of abandonment be withdrawn as improper and that the application be examined as expeditiously as possible. Any questions should be directed to the undersigned attorney.

Respectfully Submitted,

By:

Attachment to Notice of Abandonment

For questions concerning the notice contact Office of Patent Publication Image Assistance Center: 888-786-0101.

Information is also available on the USPTO Internet web site:
<http://www.uspto.gov/web/patents/pubs/abandonnotice.html>

Respond to the Notice of Abandonment by one of the following:

1. Petition To Withdraw Holding of Abandonment (See MPEP 711.03(c) I and 37 CFR § 1.181) No fee required

Where an applicant contends that the application is not in fact abandoned (e.g., a reply was in fact filed), a petition under 37 CFR § 1.181(a) requesting withdrawal of the holding of abandonment is the appropriate course of action. Any petition under 37 CFR § 1.181 to withdraw the holding of abandonment not filed within 2 months of the mail date of a Notice of Abandonment may be dismissed as untimely under 37 CFR § 1.181(f). In order for a petition to be granted, the evidence must be sufficient according to 37 CFR § 1.8(b) Certificate of Mailing 37 CFR § 1.10 "Express Mail" mailing or MPEP 503 Postcard Receipt as Prima Facie Evidence. The petition should be addressed as follows:
By mail: Mail Stop: Issue Fee, Commissioner For Patents, P.O. Box 1450, Alexandria, VA 22313-1450
By facsimile: 703-872-9306

2. Petition To Withdraw Holding Of Abandonment Based On Failure To Receive Office Action (MPEP 711.03(c) II and 37 CFR § 1.181). No fee required

Where an applicant contends that the original Notice of Allowance and Fee(s) Due was never received, if adequately supported, the Office may grant the petition and reissue the Office action. The showing required establishing non-receipt of an Office communication must include a statement from the practitioner stating that the Office communication was not received and attesting to the fact that a search of the file jacket and docket records indicates that the Office communication was not received. A copy of the docket record where the nonreceived Office would have been entered had it been received and docketed must be attached to and referenced in practitioner's statement.

Petition should be addressed to the Technology Center handling the application as follows:
By mail: Commissioner For Patents, P.O. Box 1450, Alexandria, VA 22313-1450
By facsimile: 703-872-9306

3. Petition To Revive An Abandoned Application (See MPEP 711.03(c) III)

Where there is no dispute as to whether an application is abandoned (e.g., the applicant's contentions merely involve the cause of abandonment) a petition under 37 CFR § 1.137 (a) or (b) (accompanied by the appropriate petition fee) is necessary to revive the abandoned application. The text of these rules is available on the USPTO Internet Web site. Forms for these petitions, "Petition For Revival Of An Application For Patent Abandoned Unavoidably Under 37 CFR § 1.137(a)," PTO/SB/61, and "Petition For Revival Of An Application For Patent Abandoned Unintentionally Under 37 CFR 1.137(b)," PTO/SB/64, are available in the forms section of the USPTO website: <http://www.uspto.gov>.

Petitions under 37 CFR § 1.137 should be addressed to the Office of Petitions as follows:
By mail: Mail Stop Petition, Commissioner For Patents, P.O. Box 1450, Alexandria, VA 22313-1450
By facsimile: 703-872-9306

Note: Abandonment takes place by operation of law for failure to reply to an Office action or timely pay the issue fee, not by operation of the mailing of a Notice of Abandonment

The following is an examiner's statement of reasons for allowance: The closest piece of prior art to applicant's claims was that submitted by applicant, WIPO 99/29126 to Joeressen. However, Joeressen fails to disclose that the conference call is established in the 1st network (LPRF) and then routed, or transferred into the 2nd network (GSM/PLMN). No obvious combination of references found would have taught one of ordinary skill in the art to make and use applicant's apparatus as claimed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
